sudu technology pty.ltd

About us

At Imfuyo, we believe farmers deserve better — better prices, better quality, and a supplier they can actually rely on.

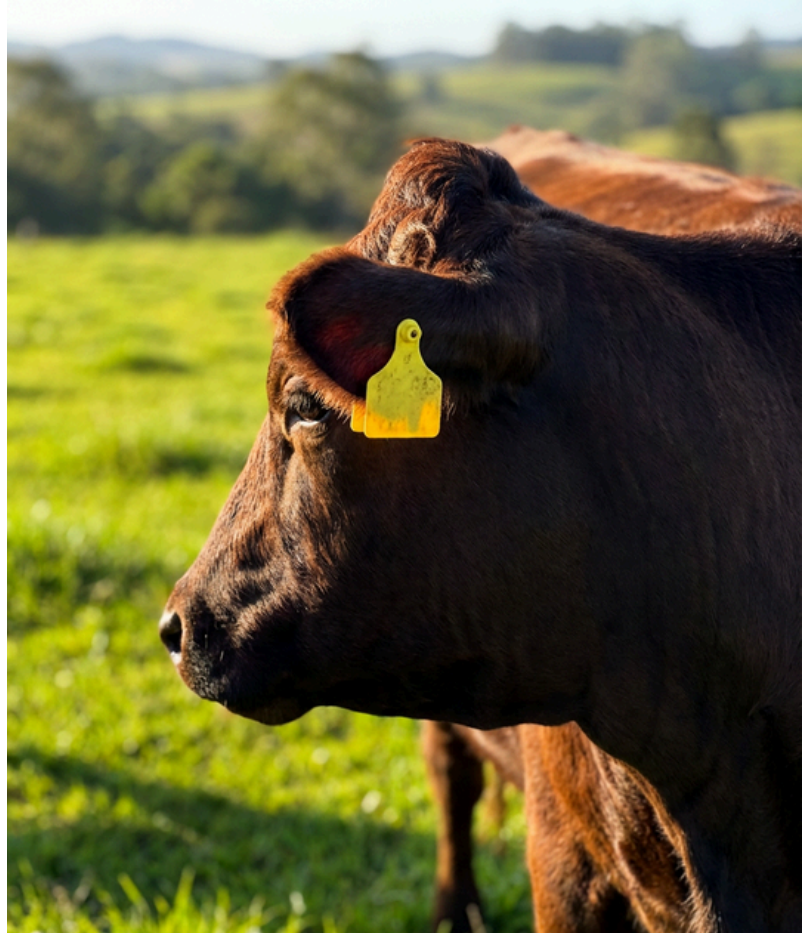

We supply a comprehensive range of livestock products, sourced directly through our trusted factory partners in China. By cutting out the middlemen, we pass the savings straight to you — giving South African farmers access to premium supplies at wholesale prices.

Factory to Farmer. That's the Imfuyo difference.

Eartags and

applicators

made from high quality materials such as tpu and pp for our eartags and alloy steel for our applicators, giving you the best matched products for a long lifespan

Stock Management Service

We don't just supply products — we help you manage them.

Our stock management service keeps track of your usage and ensures you never run out of essential items. Based on your purchase history, we monitor when products are due for replacement and will contact you ahead of time to arrange your next order.

Simple, reliable, and designed to keep your farm running without interruption.

sudt260108

poultry

Our poultry range supports healthy, productive flocks at every stage. We supply practical, reliable solutions for both small-scale and commercial poultry farmers — helping you run an efficient and successful operation.
